ADVENTURE ADD-ON

Climbing Wall – with 10 meters height our panel climbing wall with modular hand holds, incuts, and protrusions is one of the largest in the country. Three different sections of various difficulty level, with overhangs (negative angle), horizontal roofs and slabs. Our highly qualified instructors with certificates look after security of the participants. We use only certified professional mountaineering equipment. From the top of the wall participants descend on 90 meter long cable pulley.
