

# ADVENTURE IN POLAND

## OFF - ROAD ACADEMY

**DIFFICULTY**

**AVAILABILITY APR - NOV**

**WINCH IT OUT!**

**QUAD OFF-ROAD PRACTICE**

## ADVENTURE ADD-ON

**4x4 cars** – short introduction of the professional 4x4 cars on the example of the Mercedes G-class cars. Principles of off-road driving in the difficult terrain and overcoming obstacles (water crossing, slope driving, maximal angles etc.). During the short navigational rally participants drive the cars off-roads. They have to cross the water bodies and overcome all kinds of obstacles with the help of professional off-road equipment such as hi-lift lifts, kinetic ropes and bands, winches etc.

BUILDING THE BRIDGE

OFF-ROAD RALLY

## ADVENTURE ADD-ON

- Quads** – we offer rides on ATV Bombardier OutLander Max 400 quads. Rallies take place on a specially designed and prepared quad track. Our professional instructors look after the security of all participants. Each participant undergoes training, including introduction to the safety guidelines and basic principles of team and convoy driving. We provide all drivers in full protective gear including uniform helmets and buzzers.
- Bridge Building** – during the off-road rallies teams often encounter various obstacles. Overcoming them with the common effort is a perfect way to help in team building and bond-tightening.
